The Lao Female Mentorship Program 2019/2020

The European Chamber of Commerce & Industry in Lao PDR (ECCIL) has supported more than 500 women during the last two years to achieve their career goals. Under the patronage of several European embassies in Lao PDR, ECCIL launches the first batch of the Lao Female Mentorship Program. This initiative offers successful candidates the opportunity to make use of the trainings based on specific needs of the applicant. In addition, participants will have access to an experienced mentor who will provide both technical expertise and experience for the period of six months to the mentee. Both components in combination with preferred access to BFL's special finance conditions can make a real difference for young women looking to achieve ambitious goals...

Any **Lao women aged 18 – 35, permanently residing in Lao PDR** with the ambition to achieve an extraordinary career may apply.
