

Show Information

Show Description	The 3rd edition of the international exhibition and conference for the concrete and building construction industry	
Show Date	6 - 8 September 2018	
Venue	Halls 7 & Outdoor Area, IMPACT Exhibition and Convention Centre, Bangkok, Thailand	
Floor Space	Indoor: 5,000 Sqm.	Outdoor: 1,500 Sqm.
Website	www.concrete-asia.com	
Description	CONCRETE ASIA is an international exhibition and conference for the concrete and building construction industry. The industry can look forward to seeing the latest in concrete, concrete surfaces, decorative concrete, material handling, concrete production, cement, building materials, construction equipment & machinery with the latest technologies and techniques to sustain and grow their business.	
Conference	Focusing on the latest in innovation, technology Concrete industry trends and best practices	
Seminars/workshops	A series of seminars/workshops will be organized in conjunction with the exhibition. Standard duration of sessions will be 45 minutes.	
Show Highlights	<ul style="list-style-type: none"> • Buyers program • Hands-on training / interactive workshops • Associations' board meetings • Outdoor exhibition and demonstration area • New product launches • Site visits • Networking reception 	
Organizers	COMEXPOSIUM Group, France IMPACT Exhibition Management Co., Ltd., Bangkok, Thailand	
Co-hosts	Asian Concrete Construction Institute Thai Contractors Association under H.M. The King's Patronage Thailand Concrete Association	
Supported By	Thailand Convention and Exhibition Bureau (TCEB)	
Supporting Associations (as of 2017)	<ul style="list-style-type: none"> • Construction Industry Development council of India • Construction Industry Development Council • Indian Concrete Institute • ACCI Bangladesh • Malaysia Concrete Association Group • India Society for Trenchless Technology • Shenzhen Concrete Association • Construction Institute of Thailand • Thai Machinery Association • Thailand Underground & Tunnelling 	
Exhibitors Profile	Concrete <ul style="list-style-type: none"> • Concrete roofing tiles • Facing concrete • Railroad tie concrete • Porous concrete • Fibre concrete • Self-compacting concrete • High-strength concrete • Ultra high-strength concrete • Polymer concrete • Waterproof and Fireproof Concrete • Lightweight Concrete • Geopolymer Concrete 	

Exhibitors Profile	Concrete Technology <ul style="list-style-type: none"> •Structure Concrete, Architectural Concrete and Pavement Concrete •Concrete Mixing •Transport of Concrete •Casting of Concrete - with special features on hot climate concreting •Testing and Quality Control •Sustainable Concrete Technology / Green Concrete •High Performance Concrete •Smart Technologies
	Precast Concrete <ul style="list-style-type: none"> •Structural Precast •Architectural Precast •PC Flooring Systems •Building Automation Plant and Equipment •PC Moulds •Curing of PC Elements •Civil Engineering PC such as beams, PC tunnel segments, precast piles •The Big Canopy - Making Worksite Weatherproof •Hollowcore Slabs •Tunnel Linings/Segments •Prefabricated Prefinished Volumetric Construction (PPVC) •Prefabricated Bathroom Units (PBU) •Precast Accessories •Dry Mix Concrete
	Concrete Chemicals & Additives
	Cement <ul style="list-style-type: none"> •Special cement •Cement plant •Cement Manufacturing Technology •Cement Transport and Storage
	Testing and Quality Control of Concrete
	Formwork and Scaffoldings <ul style="list-style-type: none"> •Climbing / Slip Forms •System Formwork
	Sand and Aggregates (Stones)
	Architecture Concrete <ul style="list-style-type: none"> •Arts in concrete •Façade •Concrete décor
	Concrete Equipment & Machinery <ul style="list-style-type: none"> •Cranes •Batching plant •Concrete pumps and trucks •Formwork •Scaffolding •Generator
	Industrialised Building Systems <ul style="list-style-type: none"> •Precast Concrete Framing, Panel and box •Formwork system •Prefabricated Steel Framing •Prefabricated Timber Framing •Block work (Masonry blocks and lightweight blocks)
	Underground Construction <ul style="list-style-type: none"> •Tunnel construction equipment, materials & plant •Micro tunnelling and trenchless technologies •Communication, safety and security systems •Pollution control and ventilation equipment and system •Fire protection systems •Electrical and lighting systems •Consultancy & design services •Tunnel construction equipment, materials & plant •Micro tunnelling and trenchless technologies •Communication, safety and security systems •Pollution control and ventilation equipment and system •Fire protection systems •Electrical and lighting systems •Consultancy & design services
	Visitors Profile <ul style="list-style-type: none"> •Architects, Brick and Block Producers •Building Consultants •Commercial Contractors •Concrete Contractors •Concrete Pumpers •Construction Managers •Civil engineering •Consulting and construction companies •Contracts Manager •Dealers/Distributors •Decorative Concrete Contractors •Designers and Specifiers •Education Institutions •Engineers •Equipment Tools •Testing & Quality Services for the Commercial Construction •Concrete & Masonry Industries •General Contractors •Government Agencies •Highway authorities •Instrumentation Professionals •Main line and urban rail infrastructure authorities •Masonry Contractors •Pipe and Block Producers •Plant Managers •Precast/Pre-Stressed Concrete Producers •Project Managers •Property Developers •Public utilities •Quantity Surveyors •Ready Mix Producers •Regulators •Renovation Contractors •Rental Equipment Centre •Repair Contractors •Safety and security specialists •Specialty Concrete Contractors •Structural Maintenance Professionals •Testing Laboratories •Tunnel operations and maintenance organizations.

COST OF PARTICIPATION

Option 1: Standard Shell Scheme (Min. 9 Sqm.)

Rate: USD 360 per Sqm.

Standard Shell Scheme consist of rental of: system partition walls at a height of 2.5m, Floor Carpet, Fascia with Company's Name & Booth Number (Max. 24 Letters), 2 Fluorescent lights, One 5 amp power socket, on reception counter, two chairs and one wastepaper basket per booth unit.

Option 2: Bare Space (Min. 18 Sqm.)

Rate: USD 310 per Sqm.

Customise your own ideal booth and showcase your products/services in the most suitable setting using your own stand contractor. This one of a kind creation will surely be recognised and make your display stand out amongst the others.

Option 3: Outdoor Space bare space (Min. 100 Sqm.)

Rate: USD 160 per Sqm.

Display your products and equipment in the most interesting setting according to your Company's image using your own stand contractor.

Option 4: Sponsorship opportunities & Advertising opportunities

To enhance your reach at Concrete Asia, please contact us for the sponsorship packages. We offer bespoke packages that can be customized to suit your needs.

Other fees:

- **Corner booth:** add USD150 per corner for each open side.
- **Marketing fee:** USD250 per company: includes online web promotion, social media promotion, and etc. ,
- **Free standard company entry in show directory** of up to 150 words & contact details. Additional text will be charged at USD50 per set of up to additional 150 words.
- **Logo inclusion in the show directory** is at USD150 per logo.
- **Full page ROP full colour advertisement in the Show directory:** USD2,500 (other sizes, please check with the Organizers)

Note:

*Cost is subject to 7% VAT for local and international exhibiting companies.

*All bank transfer charges are to be borne by the local and international exhibiting companies.

*Booth space allocation is on a first come first served basis.
