

# Alumniportal

## DEUTSCHLAND

[Alumniportal Deutschland](#) is a community for people who have studied, carried out research, worked or completed advanced training in Germany or at a German institution abroad.

These alumni are highly qualified people who are familiar with the German language and culture. They are therefore important contacts for companies and organisations in the field.

[Register](#) your company or your organisation free of charge and make use of the advertisement-free Alumniportal Deutschland to:

- find trained staff, experts and contacts
- publish assignments and job vacancies
- give notice of events
- present yourself and publicise your services and projects

In cooperation with the worldwide network of German Chambers of Commerce and the Association of German Chambers of Industry and Commerce (DIHK), the Alumniportal Deutschland is the organiser of the world's largest contacts and careers fair for alumni of German institutions, '**Trained in GermanY**'. Here, companies and organisations have the opportunity to meet trained talent and to recruit specifically for regional projects. Detailed information and dates are available at [www.trained-in-germany.com](http://www.trained-in-germany.com).
