Qualifications (Full list available on request)

Tertiary Qualification BBS Completed 2009

Diploma in Management Pass

Financial Planning Pass

I am married to Zoe, with one child called Lauchlan. We enjoy visiting new places, meeting the locals and eating the local food. My wife is a Physio – therapist who has volunteered at hospitals and taught English at residential care facilities for sexually trafficked girls. My son is a swimmer and enjoys heading out on adventures with his Mum and Dad. I enjoy keeping fit at the gym, playing teams sports and getting involved in the business community. We hope to add value to Laos and look forward to building a strong International Standard bank that will add value to its customers, staff and the Laos economy.
